The workshops have already helped tens of thousands of individuals including children; teens; families; military personnel; and individuals suffering from abuse, illness, grief, fear or stress. The Art4Healing® method supports emotional healing as participants process their feelings using paint on canvas. Through individual workshops and community programs, the Art4Healing® method provides a safe venue for participants that offers expression, encouragement, clarity and insight.

How is the International Certification different from the Art4Healing® Brandman Certificate?

This International Certification is solely certified by Art & Creativity for Healing Inc., and therefore does not include University credits. This international certificate differs from the Art4Healing® Brandman Certificate due to the more extensive curriculum, the one-on-one 9 hours of coaching, and is intended for prospective students to complete the certification within 9 months or less. The Art4Healing® Brandman Certificate Program delivers an interactive virtual group experience conducted through Zoom over 7 weeks (spring, summer or fall).

Do I need an art background or art degree to apply?

Prospective students do not need an art background or an art degree to apply. We certify counselors, teachers, therapists, medical professionals, artists, and others who help children and adults suffering from abuse, illness, grief or stress in the Art4Healing® method.
